BASIC NURSING ASSISTANT

The Basic Nursing Assistant Training Program (BNATP) prepares the student to become an integral healthcare team member in various healthcare settings. Certified Nursing Assistants provide basic patient care in addition to assisting with activities of daily living. This course provides instruction in basic nursing skills through lectures, campus laboratory, and supervised clinical experiences.

BNATP provides quality education to a diverse student body to meet the demands of the healthcare industry by training students to become caring, safe, competent certified nursing assistants.
